

Lopez, Mexican Bandit, Kills Three More of His Pursuers

MEN WERE IN BINGHAM MINE WHEN SHOT DOWN BY FUGITIVE

Salt Lake City, Nov. 29.—Ralph Lopez, Mexican bandit, who murdered four men last week, today shot and killed Dr. D. H. Ray, Deputy Sheriff Hulsey and an unnamed man in a mine tunnel near Bingham. They were members of a posse.

Salt Lake City, Nov. 29.—Lopez, killed four men last week. He shot and probably killed two deputy sheriffs in a battle in the underground workings of the Utah-Apex mine near Bingham today. The men who were shot are believed to be Deputy Hulsey and Deputy Mandrich. It was at first reported that Dr. D. H. Ray had also been killed but he is supposed to have escaped injury.

The guards had entered the Apex mine and had reached the 300-foot level when they decided to ascend through the Andy incline to the Minnie mine.

They had proceeded only a short distance when they were fired on. The Mexican was secreted at a point well up the incline, and with deadly aim, cut down the two men who were in the lead. Dr. Ray escaped by being protected by one of the slain men just ahead of him.

Rolling down the incline to the Apex tunnel, Dr. Ray managed to get away and he hurriedly made his escape to convey word to the twenty or more armed guards outside.

As soon as the startling news spread the posse hastened to increase the sulphur fumes that were being sent into the Minnie tunnel in order to prevent the bandit entering that part of the mine and to keep him in the incline.

More armed men were rushed into the Apex tunnel to the 300-foot level. The inside forces will prevent Lopez's escape from the Andy incline and the clouds of smoke will do most effective service in the Minnie tunnel.

The men who were shot down are still in the incline and none of the posse dare enter to learn whether they are dead, but Dr. Ray is of the opinion that they were fatally wounded.

There is tremendous excitement in Bingham.

Hundreds of people have gathered near the surface of the mines, but are being kept at a safe distance by 50 heavily armed guards.

Douglas Hulsey, who is one of the latest victims, was in the original posse that started out from Pelican Point after Lopez had killed Chief Grant and Deputies Witbeck and Jensen.

The men who were shot were left in the mine by their comrades together with two Austrians, who are uninjured but who have been cut off from escape. Immediately after the shooting a posse of 50 was organized with the intention of storming the mine and fighting with the Mexican desperado.

The underground battle was the result of several deputies penetrating one of the mine entrances 900 feet and lighting a smudge with the intention of smoking Lopez out. As soon as a match was struck, Lopez opened fire.

DARING HOLDUP

New York, N. Y., Nov. 29.—Three robbers effected a daring holdup of an automobile party early today, taking money and jewelry worth \$2000 from Cornelius Doremus, president of the German Life Insurance company, a young woman companion, and a young chauffeur.

The masked men jumped from under brush beside the Pelham Park way, near the scene of an automobile collision, in which four persons were killed early this week, and by using their revolvers, they brought the motoring party to a stop. Doremus was beaten over the head and forced to hand over his watch and money. The young woman, whose identity was not revealed, fainted as the robbers tore two valuable rings from her hands.

MEXICAN AGENTS SEEKING FUNDS

Agents Cannot Be Floated in Belgium—Situation Is Too Uncertain.

London, Nov. 29.—Mexican agents seeking funds here, it is understood, are in a very difficult position.

That Luis de la Barra, the bank, the Van Wyck Drug store and agent in London of the Mexican government, has entered into negotiations for advances, but has not been very successful.

The Phillips bank, which is behind the Secondary Railroads company, whose concession for 3,200 miles of railroads is pending before the Mexican congress, is considered as the concern most likely to make a loan to Provisional President Huerta's administration. F. M. Phillips, however, told The Associated Press today that a Mexican loan could not now be floated in Belgium as the situation was too uncertain.

Anarchy in Mexico.

Paris, Nov. 29.—The Paris Temps today prints a vigorous editorial on the "anarchy in Mexico." The newspaper, in concluding the article, says:

"In the presence of death, destruction and ruin, the moment appears to have been reached when humanity and general interest commands all the powers to take concerted action with the United States to compel all parties in Mexico to lay down their arms and bring an end to the intolerable situation."

Mexico City, Nov. 29.—Adherents of the rebel leader, Zapata, fired on a passenger train today near Ajusco, a town a few miles south of Mexico City. The casualties were insufficient. The rebel band was one of the small scouting parties which again have begun to appear in the federal district.

Querido Boheno, the foreign minister, has gone on a trip to Vera Cruz, according to an unconfirmed report today. It is said that his principal object is to confer with John Lind, personal representative of President Wilson.

REBEL TROOPS ADVANCE SOUTH

Four Thousand Soldiers Go Out to Overtake Retreating Federals.

Juarez, Mex., Nov. 29.—Between 3500 and 4000 rebel soldiers had left Juarez at noon today for the south advancing against the federals whom they defeated this week in battle near Juarez. Pancho Villa personally supervised the loading of the troops. He expects to leave about Tuesday.

Villa does not know whether the federals retreated to Chihuahua or have entrenched themselves south of Juarez. He has heard that the engines hauling the federal trains "went dead" for lack of water and that the federals are awaiting his men at Villa Ahumada, 83 miles south of Juarez.

Dynamite, Gasoline and Gunpowder Explosion Tears City Buildings to Bits

Grand Rapids, Mich., Nov. 29.—More than a score of spectators and a dozen firemen were slightly burned or cut by flying debris when a quantity of dynamite, gunpowder and gasoline exploded in a burning building in the business section early today.

The fire started in the Vanderveen building and spread rapidly to adjoining structures, destroying a branch of the Grand Rapids Savings bank, the Van Wyck Drug store and agent in London of the Mexican government, has entered into negotiations for advances, but has not been very successful.

TIN CAN TRUST IN THE TOILS

United States Court Files Action to Dissolve American Can Company.

ALLEGED CONSPIRACY

Company Monopolizes Business, Increases Prices and Absolutely Dominates.

Baltimore, Md., Nov. 29.—Suit was filed here today in the United States district court to dissolve the American Can company, the so-called tin can trust, which the department of justice alleges controls a large percentage of business of the United States in tin can containers and packages of tin. The American Sheet and Tin Plate company was made a defendant because of an agreement. It is alleged, they have with the American company to sell tin for cans at a preferential rate.

In its complaint the government alleges practices in restraint of trade, agreements by other concerns "not to enter the fields, contracts by consumers to buy from the trust," exclusively and arbitrary fixing of prices. Attorney General McReynolds asked in the bill for a dissolution other than on a pro-rata basis, by asking for a separation into units of different ownership to insure the restoration of competition.

THE four rooms formerly occupied by the court house custodian are vacant now and have been turned over to the county board of education for its use, and County Commissioner Morris Skenen stated yesterday that he expected the board to move into the quarters the first of next week.

Clerk L. H. Froerer states that necessarily there will be changes made in the rooms in the court house and that it will be impossible to move the stock and office fixtures next week. He is of the opinion that it will likely be near the first of next year before the move takes place.

The county board carries an extensive supply of books and other things connected with the schools and to carry the stock up a number of flights of stairs as has to be done at the present quarters is no easy task. The court house quarters are on the first floor of the building which will obviate this difficulty.

Second Ward—Prof. N. L. Nelson, of the Weber academy faculty, will deliver an address in the Fifth ward meeting house tomorrow at 7 o'clock, Sunday evening.

Burglary—The home of Marshall H. Allan, at 1605 Washington avenue, was burglarized last night and articles of clothing taken. The burglary was discovered about 9 o'clock this morning. The police department was notified and Officer Jerry Kellher made an investigation.

Wyoming Visitor—J. A. Spaulding of Evanston, Wyoming, was a guest of J. David Larson, for a few hours today, at the Weber club. Mr. Spaulding is a representative of the Wyoming Trail association and is on his way to Salt Lake City.

From Logan—Dr. George Hill of the Agricultural college at Logan is visiting friends in Ogden.

Sues On a Note—In Judge Harris' division of the district court the appeal case of Frances H. Wright against Walter Griffin is being tried. The suit was brought to recover \$102.55 alleged to be due on a promissory note for the payment of which it is claimed the defendant assumed responsibility.

BUILDING DONE BY COUNTY BOARD OF EDUCATION

The plan of consolidating the school work of the county, changing the administration of affairs from boards of trustees in the various districts to a central board of education, has proved to be an economy.

The centralized system went into effect in 1906, at which time the total valuation of school property was \$79,800, with a bonded indebtedness of \$17,500. Since that time \$70,000 of the bonds have been paid and \$127,129 has been expended for school buildings and sites. The consolidation plan was inaugurated in 1905, but it did not become effective until 1906.

LIVELY RUNAWAY AND A NARROW ESCAPE

Early morning pedestrians along Grant avenue witnessed a near tragedy when a runaway team of the Monson Feed Store missed by a hair's breadth a collision with the 8 o'clock Brigham City car at the Twenty-fifth street intersection.

The team began the run near the Baptist church on Grant avenue, and by the time the horses reached the Weber club, they were dashing madly. At the corner of Twenty-fifth street the street car drove into view and only by a desperate effort did the driver avert the animals far enough to the east to escape hitting the car. The driver hung to the reins and finally gained control.

ARMY DEFEATS NAVY 22 TO 9

Climax of 1913 Football Reached at New York Polo Grounds.

SURPRISE OF YEAR

Midshipmen 10 to 7 Betting Favorites Before Game—Desperate Plays Made.

Polo Grounds, New York, Nov. 29.—The Army football eleven defeated the Navy here this afternoon in their annual game by a score of 22 to 9. As a climax to the 1913 football season, the cadet eleven furnished the biggest gridiron surprise of the year in their triumph over the midshipmen. Before the game the sailors were a 10 to 7 favorite in the wagering, as the result of a season's play marked by victory after victory by big scores. Against the Army, however, their erratic but conservative play failed to gain the points or yards rolled up by the Army through the use of forward passes, long runs and general open-field play at critical periods of the game. The play was of the usual desperate character which always marks the inter-academy contests and individually there was little choice or advantage in the play of either the line men or the back field. The Army, however, used better judgment in its selection of and manipulation of their plays. To this and the accurate handling of the forward pass when near the middle goal line is due the cadets' triumph after three years of straight defeat.

Second Touchdown.—The Navy scored first on a goal from placement, but the score was soon tied by the Army. The Army scored ahead, only to be tied again, 9 to 9. After that the Army scored its second touchdown and was never again headed. A whirl of gray and gold charged from the Army stand to the field. In broken ranks, on the double quick, the Army battalions clustered in front of the Navy stands. For a moment they stood before the gold and blue, then falling in behind the white shouldered cadet band, danced to a lively tune, up and down around the field.

The two eleven, victor and vanquished, had left the field, some on the shoulders of the cadets. The Army standard floated from the center of the field, the cadets holding hands around it. A cheer for the Army, a hoarse word of signal from the color bearer and the circle scattered; half a thousand cheering men in gray and gold ran madly over the field and clustered in a mass of moving color around the standard.

The band played a few notes, the grandstand was on its feet, two men in gray nailed Army pennants to the goal posts and the last act of the game was done.

PARENTS CLASS IN M. E. SUNDAY SCHOOL

Rev. G. F. Rassweiler of the M. E. church believes that it is no so much a "boy problem" or a "girl problem" as a "parent problem." That challenges one to solve. So a parents class is being organized to meet in place of the regular adult Bible class at 10 a. m. to consider the problems of making our homes the right mould for the formation of Christian character. The class will take up parent problems one Sunday and the alternate Sunday will study the two regular international Sunday school lessons. This Sunday it will be a parent lesson on "The Function of the Family as a Social Institution."

GERMAN TROOPS CLEAR STREETS

Scores of People and Civilian Officials Arrested After Night of Rioting.

ARMY MEN INSULTING

Mayor Criticizes Military Authorities—Prisoners to Be Tried by Army Tribunal.

Zabern, Alsace, Germany, Nov. 29.—Scores of town people, including several civilian officials, were under arrest here today as the result of a night of rioting. The disturbances were so violent at times that the German troops cleared the main streets at the point of bayonets.

The demonstrations were designed to express the indignation of the townspeople at certain insulting remarks made by German army officers.

The townspeople excited by the repressive measures of the military, gathered in the principal square. Soon after the officers with a party of 50 soldiers appeared on the scene. The officer ordered his men to load their rifles and the front rank to kneel. When the detachment was ready to fire, the officer stopped forward and ordered the crowd to disperse. The people at once scattered but the soldiers pursued them at double quick and prodded them with their bayonets and the butts of their rifles. Several citizens were injured.

Detachments of troops with fixed bayonets patrolled the streets throughout the night and continued on duty today.

The mayor criticized the action of the military authorities. "It seems though Colonel Von Ruter, the commander of the 99th regiment, has proclaimed martial law in Zabern on his own initiative," said the mayor. Forty persons are arrested. They are confined in the military barracks. It is understood they are to be tried by the military court and not by a civil tribunal.

Lieutenant Baron Von Forstner, whose remarks started the trouble between the army and the citizens, went shopping yesterday in the town, accompanied by four soldiers, who guarded the entrances of the stores while he was inside.

A number of young lieutenants of the 99th infantry were seen today pursuing with drawn swords a youth who had shouted an insulting epithet at a man who was singing the German national anthem.
